EXPERIENCE

Senior Software Engineer Consulting

Visionex Digital

11/2024 Melbourne, Australia

- Lead backend development for Time Tracking application, a multi-tenant platform integrating microservices such as Roster, Time Tracking, Forecasting, Productivity and User modules
- Designed and implemented API Gateway with global error handling and JWT/OAuth2 integration, Integration of Authentication provider(AUTH0)
- Developed high-performance services using Spring Boot, MongoDB, and PostgreSQL
- Implemented distributed task scheduling using ShedLock with Mongo provider to ensure single-instance execution
- Optimized CI/CD pipeline in Azure DevOps for automatic container build and deployment
- Code review and improve team member skills
- Implemented Agile methodologies to streamline development processes, participating in sprint planning, retrospectives, and daily stand-ups

Senior Software Engineer Team Lead

Acentura pvt ltd (outsource by Allianz Insurance Lanka pvt ltd)

08/2023 Colombo

- Spearheaded the design and development of Java EE applications utilizing Hibernate, Spring Boot, and micro services architecture, ensuring scalability and robustness of the system
- Led a finance module development team, coordinating tasks, providing technical guidance, and ensuring timely delivery of high-quality software solutions
- Designed and implemented front-end interfaces using HTML, Bootstrap, and CSS and Angular focusing on user experience and interface responsiveness
- Planned and optimized relational database schemas using PostgreSQL 13, employing ORM techniques to enhance data access and management efficiency
- Collaborated closely with cross-functional teams to gather requirements, analyze business needs, and translate them into technical solutions
- Implemented Agile methodologies to streamline development processes, participating in sprint planning, retrospectives, and daily stand-ups

Senior Software Engineer

Matrix pvt ltd

01/2020 - 08/2023 Colombo

- Spearheaded the design and development of Java EE applications utilizing a stack including Spring, Struts2, and Hibernate, ensuring high performance and scalability.
- Implemented micro services architecture using Spring Boot, enhancing modularity and flexibility in application development.
- Led the development and design of front-end interfaces using jQuery, JavaScript, HTML, Bootstrap, CSS, and Angular, focusing on intuitive user experiences and responsive design.
- Orchestrated the planning and optimization of relational database schemas for projects, leveraging ORM techniques with PostgreSQL and MySQL to enhance data access and management efficiency.
- Designed and implemented complex reports using Jasper Reports, providing valuable insights for stakeholders and enhancing decision-making processes.
- Led R&D to explore new technologies, driving organizational innovation and improvement.

Software Engineer

Neolith Technologies pvt ltd

03/2016 - 12/2019 Colombo

- Java EE applications using Spring, Struts 2, and hibernate, focusing on delivering high-performance and reliable backend solutions
- RESTful APIs and web services, enabling seamless integration with frontend interfaces and third-party systems
- Developed and maintained frontend components and user interfaces using jQuery, JavaScript, HTML, Bootstrap, and CSS, focusing on delivering exceptional user experiences
- Dynamic and responsive web applications using Angular framework, ensuring scalability, modularity, and maintainability

SUMMARY

Senior Java Full-Stack Engineer with 9+ years of experience building scalable enterprise applications using Java, Spring Boot, Microservices, and Hibernate/JPA. Skilled in Angular, RESTful APIs, and backend system design. Strong expertise in PostgreSQL, MySQL, MongoDB, data modeling, and performance optimization. Hands-on experience with CI/CD, Docker, Kubernetes, and cloud deployments (Azure/AWS). Proven ability to lead development teams, mentor engineers, and deliver high-quality solutions aligned with business needs, including AI-driven automation to improve productivity and decision-making.

SKILLS

Java	Spring	Spring Boot	Strut2
Hibernate	JPA	DBMS	R & D
JDBC			
PGSQL	MYSQL	Jasper Report	Java EE
JavaScript	JQuery	HTML	Angular
Restful	Scrum	SDLC	Microservice
Micro frontend	Thymeleaf	Web Services	
JIRA	GIT	AWS Integration	
Relational Database	GitHub	Bitbucket	
S3	RDS	EC2	IntelliJ
eclipse			
vscode			

EDUCATION

B.Sc.(Hon) Software Engineering

University of west of England

2016

Higher National Diploma in Information Technology

Sri Lanka Advanced Technological Institute

2014

G.C.E.A/L

Vidyarth College

08/2013

- Passed 1C,2S

G.C.E. O/L

D.B.Wijethunge National School

12/2009 Kandy

- Passed with 2A,B3,C4
